

TRANSFLUID APPLICATION FIELDS

TRANSFLUID products cover a very wide range of applications, we have prepared this bulletin to indicate which are the sectors in which you can identify customers.

You are invited to analyze your market to see the possible opportunities that our products could offer.

More details on the applications is available on TRANSFLUID website in EXTRANET section REFERENCE LIST.

Constant fill FC Applications

BUILDING MACHINERY

- Tower cranes (translation, rotation)
- Bridgecranes (translation, rotation)
- Rotating jib cranes
- Frame cranes
- Bucket conveyors
- Screw conveyors
- Slat conveyors
- Chain conveyors
- Crushers
- Rotating furnaces
- Ball, barrel and hammers mills
- Concrete mixers
- Bucket excavators
- Machines to produce centrifuged concrete piles
- Stone cutting machines
- Brick Machines
- Mills

CHEMICAL, FOOD AND BOTTLING MACHINERY

- Mixers
- Centrifuges
- Soap cutters
- Rubber calenders

TEXTILE MACHINERY

- Barrels for tannery
- Idroextractors
- Carding machines
- Washing machines

MECHANICAL AND AUTOMOTIVE MACHINES

- Balancing machines
- Wheel balancing machines
- Gate closing control drive
- Centrifugal Fans
- Centrifugal and reciprocating compressors
- Centrifugal and volumetric pumps

METALWORKING MACHINES

- Machines to twist ropes and wires
- Foundry machines
- Presses
- Forming machines

PAPER MACHINERY

- Paper winding drums
- Pulpers

WOOD WORKING MACHINES

- Chipping machines
- Plywood pressing machines
- Debarking drums

MISCELLANEOUS

- Winches
- Mine car haulage
- Luna-park merry-go-round
- Ski-lift
- Waste disposal (chain conveyor)
- Fork lift trucks
- Small dumpers
- Small loaders
- Farm tractors
- Industrial and airport tractors
- Marine propulsion
- Chillers

Variable fill FC applications

START UP DRIVE

- Mills, crushers, wood chippers, grinders
- Belt conveyors
- Reciprocating and centrifugal pumps
- Compressors
- Marine propulsion
- Generators
- Centrifuges, fans and blowers
- Mixers

VARIABLE SPEED DRIVE

- Centrifugal pumps and compressors
- Fans and blowers
- Mills, belt conveyors (inspection speed)

Diesel engines applications
